Keep Your Head Down “Fritzie Boy”

Verse:
Over in the trenches, up to their eyes in clay,
Billy and Jack and Jimmie and Joe are singing all the day.
When they see a German, sticking up his snout,
They give him a chance to get out of France when they all shout!

Refrain:
Keep your head down Fritzie Boy,
Keep your head down Fritzie Boy.
Last night in the pale moon-light, I saw you, I saw you.
You were fixing your barb’d wire,
When we open’d “rapid fire!”
If you want to see your “Vater in the Vaterland,”
keep your head down Fritzie Boy!

Verse:
Soon the Boche got wiser, hearing this every night.
He sent us a bunch of rifle grenades to give us all a fright.
But he couldn’t stop us, we let out a roar,
“We’ll give you your fill of old Kaiser Bill and this d--- war!”
